Segment financials

Europe

- Net sales in the quarter increased to EUR 18.0 (14.7) million due to new contract with Alcoa Mosjøen in Norway, partially offset by lost contracts
- Adjusted EBITDA for the quarter was EUR 0.7 (1.4) million, due to extended mobilization phase with Alcoa Mosjøen (Norway) caused by the pandemic, lost contracts, lower upsell, and change in scope on existing contracts

Segment financials

Americas

- Net sales in the quarter decreased to EUR 8.5 (10.0) million due to two lost contracts in Chile and one in Mexico during 2020
- Adjusted EBITDA in the quarter was EUR 0.3 (0.8) million due to higher overhead costs. General and admin expenses last year were lower mainly due to positive adjustments as a part of the transformation program. In addition, the change in overhead costs is a result of investments in sales to work more proactively in increasing the sales pipeline. Underlying general and admin expense is in line with last year and gross profit is at similar level as last year despite lower revenue

Segment financials

Finland & Baltics

- Net sales in the first quarter decreased to EUR 14.0 (14.7) million due to exited contracts in Finland and decreased scope in one contract, compensated by increased upsell in certain contracts and revenue from the new contract with BASF
- Adjusted EBITDA in the quarter was EUR 0.1 (0.8) million due to lower profitability as the cost level was higher at certain sites, reduced scope in certain contracts and exited contracts
