

Safety: Cleanliness is one of the cornerstones of safety

WALKWAYS AND STAIRCASES

<input type="checkbox"/>	Clear walkways and staircases <i>Make sure that in the event of an emergency, you do not have to resort to dangerous route choices or fear tripping.</i>
<input type="checkbox"/>	Sufficient lighting <i>Make sure that there is sufficient lighting in the walkways so that you can clearly see where you are stepping.</i>
<input type="checkbox"/>	Good condition of platforms and railings <i>Make sure that the platforms are in good condition and that the railings are properly sized and in good condition. If there are ladders with fall protection on the platform, make sure they are appropriate.</i>

EMERGENCY EXITS

<input type="checkbox"/>	Clearly marked emergency exits <i>Make sure that emergency exits are marked so that, for example in the event of a fire, they can be easily found even if the person is not already familiar with the premises.</i>
<input type="checkbox"/>	Clear emergency exits <i>Make sure that emergency exits are open and that there are no obstacles or speed bumps on the route leading to them.</i>

FIRE HYDRANTS, EXTINGUISHERS, EMERGENCY SHOWERS, FIRST AID CABINETS AND KITS, ESCAPE MASKS, ETC.

<input type="checkbox"/>	Unobstructed access to safety equipment <i>Make sure that the safety equipment is accessible and that nothing is stored or left in front of it.</i>
<input type="checkbox"/>	Clearly marked locations of safety equipment <i>Make sure that the location of the safety equipment in question is marked so that in case of an emergency (including when smoke builds up and/or lighting is poor), they can be found when approaching from any direction.</i>

WORK AREAS

<input type="checkbox"/>	Clear storage spaces for devices <i>Make sure that there is a clear space for all equipment and parts, including those that are being worked on, and that these equipment and parts are in their designated locations.</i>
<input type="checkbox"/>	Clear storage spaces for tools

Your maintenance partner.

	<i>Make sure tools are in their designated locations when not in use.</i>
<input type="checkbox"/>	Marking of accessible routes <i>Make sure that the paths to be left unobstructed are clearly marked so that everyone knows where items cannot be brought or left.</i>
<input type="checkbox"/>	Removal of unnecessary materials <i>Make sure that all unnecessary materials have been collected from the work area.</i>
<input type="checkbox"/>	Workstation lighting <i>Make sure that the workstation has adequate lighting.</i>
